

**Press Release:**

It is the Faria Corporation's pleasure to announce that we have arrived at an agreement with Brunger Export Inc. to act as our factory-direct export representative. We are confident that this alliance will provide Faria customers with an unequalled level of service and professionalism.

For all existing Faria customers this change in export representation should be relatively seamless and will not result in any change to your existing pricing structure. We apologize for any interruption of supply of Faria products that may have occurred recently if you are a current customer. We are confident that Brunger will act quickly in concert with Faria to address any interruptions that you may have experienced.

Brunger will receive and fulfill your orders as of January 26<sup>th</sup>, 2009.

Faria has always considered it a privilege to be associated with you as a valued customer and we are confident that this change will enhance our ability to serve and satisfy your needs.

Please communicate all of your needs to:

Brunger Export Inc.
